Manpower Comments

INDEX

JANUARY through JUNE

1966

SCIENTIFIC, ENGINEERING, TECHNICAL MANPOWER COMMENTS is a monthly news summary of current developments, affecting the recruitment, training and utilization of scientific, engineering, and technical manpower. It is published eleven times a year by the Scientific Manpower Commission and the Engineering Manpower Commission.

Subscriptions are available at $6.00 per year from the Scientific Manpower Commission, 2101 Constitution Avenue, N. W., Washington, D. C. 20418.

Betty Vetter - Editor

The Scientific Manpower Commission and the Engineering Manpower Commission are non-profit corporations made up of Commissioners representing their member scientific and engineering societies.

The Commissions are charged with the collection, analysis, and dissemination of reliable information pertaining to the manpower resources of the United States in the fields of science, engineering and technology; promotion of the best possible programs of education and training of potential scientists, engineers and technicians; and development of policies of utilization of scientific, engineering and technological manpower by educational institutions, industry and government for optimum benefit to the nation.
